Mr. Chairperson,

Delegation of Tajikistan welcomes the outcomes of the OSCE Ambassadorial visit together with the Director of CPC, Ambassador Salber and other members of the Secretariat to Tajikistan paid on 4-7 April, 2011.

The special focus given to border management, security and transnational threats emanating from Afghanistan has been demonstrated increasing positive role of Tajikistan in securing the peace and stability in the OSCE area, particularly in Central Asia. We recognize the major contribution of the OSCE to enhance border and police activity, as well its assistance to the Government of Tajikistan to combat terrorism, extremism, radicalization and drug trafficking effectively.

Tajikistan supports the key message of the Group to strengthen the mandatory base for the fight against TNT, better coordination and better finance the upcoming joint effort would be taken by host country and the OSCE field mission on the ground.

In conclusion, we would like to reiterate firm position of Tajikistan to continue fruitful work with the OSCE on the matter.

I Thank You Chairperson,
